THE WOW
BUSINESS TOWER

OFFICES DESIGNED FOR THE NEXT GENERATION
OF BUSINESS BY MR. EIGHT

A STRATEGIC BUSINESS DESTINATION

YOUR NEW BUSINESS ADDRESS

The WOW Business Tower is conceived as a forward-looking business address positioned within one of Dubai's most strategic growth corridors. Shaped by the wider expansion of Dubai Silicon Oasis and the surrounding knowledge-driven districts, it reflects a new direction for business in this part of the city — more connected, more future-oriented and more closely aligned with technology, education and innovation. Located within mainland Dubai, it offers companies broader operational flexibility and a strong foundation for long-term growth.

This positioning is further reinforced by the vision of His Highness Sheikh Mohammed bin Rashid Al Maktoum and the Dubai 2040 Urban Master Plan, under which Dubai Silicon Oasis has been identified as one of the city's key urban centres. Together, these factors make The WOW Business Tower a highly relevant destination for businesses seeking to secure their place in Dubai's next chapter of commercial development.

ADRIEN BRODY

A MOMENT OF VISION

Adrien Brody joined Mr. Eight for the official opening at Atlantis The Royal, marking the occasion with a presence defined by depth, character and individuality. Fresh from his acclaimed role in The Brutalist, where he portrays architect László Tóth, his appearance carried a natural connection to the world of architecture, artistic vision and bold design language. More than a ceremonial moment, it reflected the values at the heart of Mr. Eight — a commitment to design-led living shaped by identity, ambition and lasting character.

DUBAI BASKETBALL

MR. EIGHT BRANDED RESIDENCES

Dubai Basketball has rapidly evolved from a bold new franchise into a recognised force across the ABA League and EuroLeague. Competing alongside Europe's leading clubs, the team represents Dubai with a mindset defined by performance, discipline and international ambition. As Main Partner, Mr. Eight Branded Residences shares the same drive — creating distinctive, design-led residences shaped by European expertise and an uncompromising commitment to excellence.

SURROUNDED BY DUBAI'S

TECH AND INNOVATION HUBS

The WOW Tower is strategically positioned near Dubai Silicon Oasis and
Dubai International Academic City, placing its Business Suites within one of Dubai's most future-focused growth corridors. For companies, this means immediate proximity to a district shaped by technology, innovation, education, and entrepreneurial activity.

With Dubai Silicon Oasis recognised as one of the five urban centres of the Dubai 2040 Urban Master Plan, the location is closely aligned with Dubai's long-term vision for science, technology, and knowledge-based growth.
This gives The WOW Tower added relevance for businesses seeking a well-connected address in a district built around future industries.

The strength of the location is further supported by Dubai International Academic City, one of the region's leading higher education hubs, and by the continued growth of Dubai's private higher education sector, which reached 42,026 students in the 2024–25 academic year.

Looking ahead, the Dubai Metro Blue Line is planned to extend through Dubai Silicon Oasis and up to Academic City, further strengthening accessibility and the long-term business appeal of the area.

MR. EIGHT

STRATEGIC LOCATION

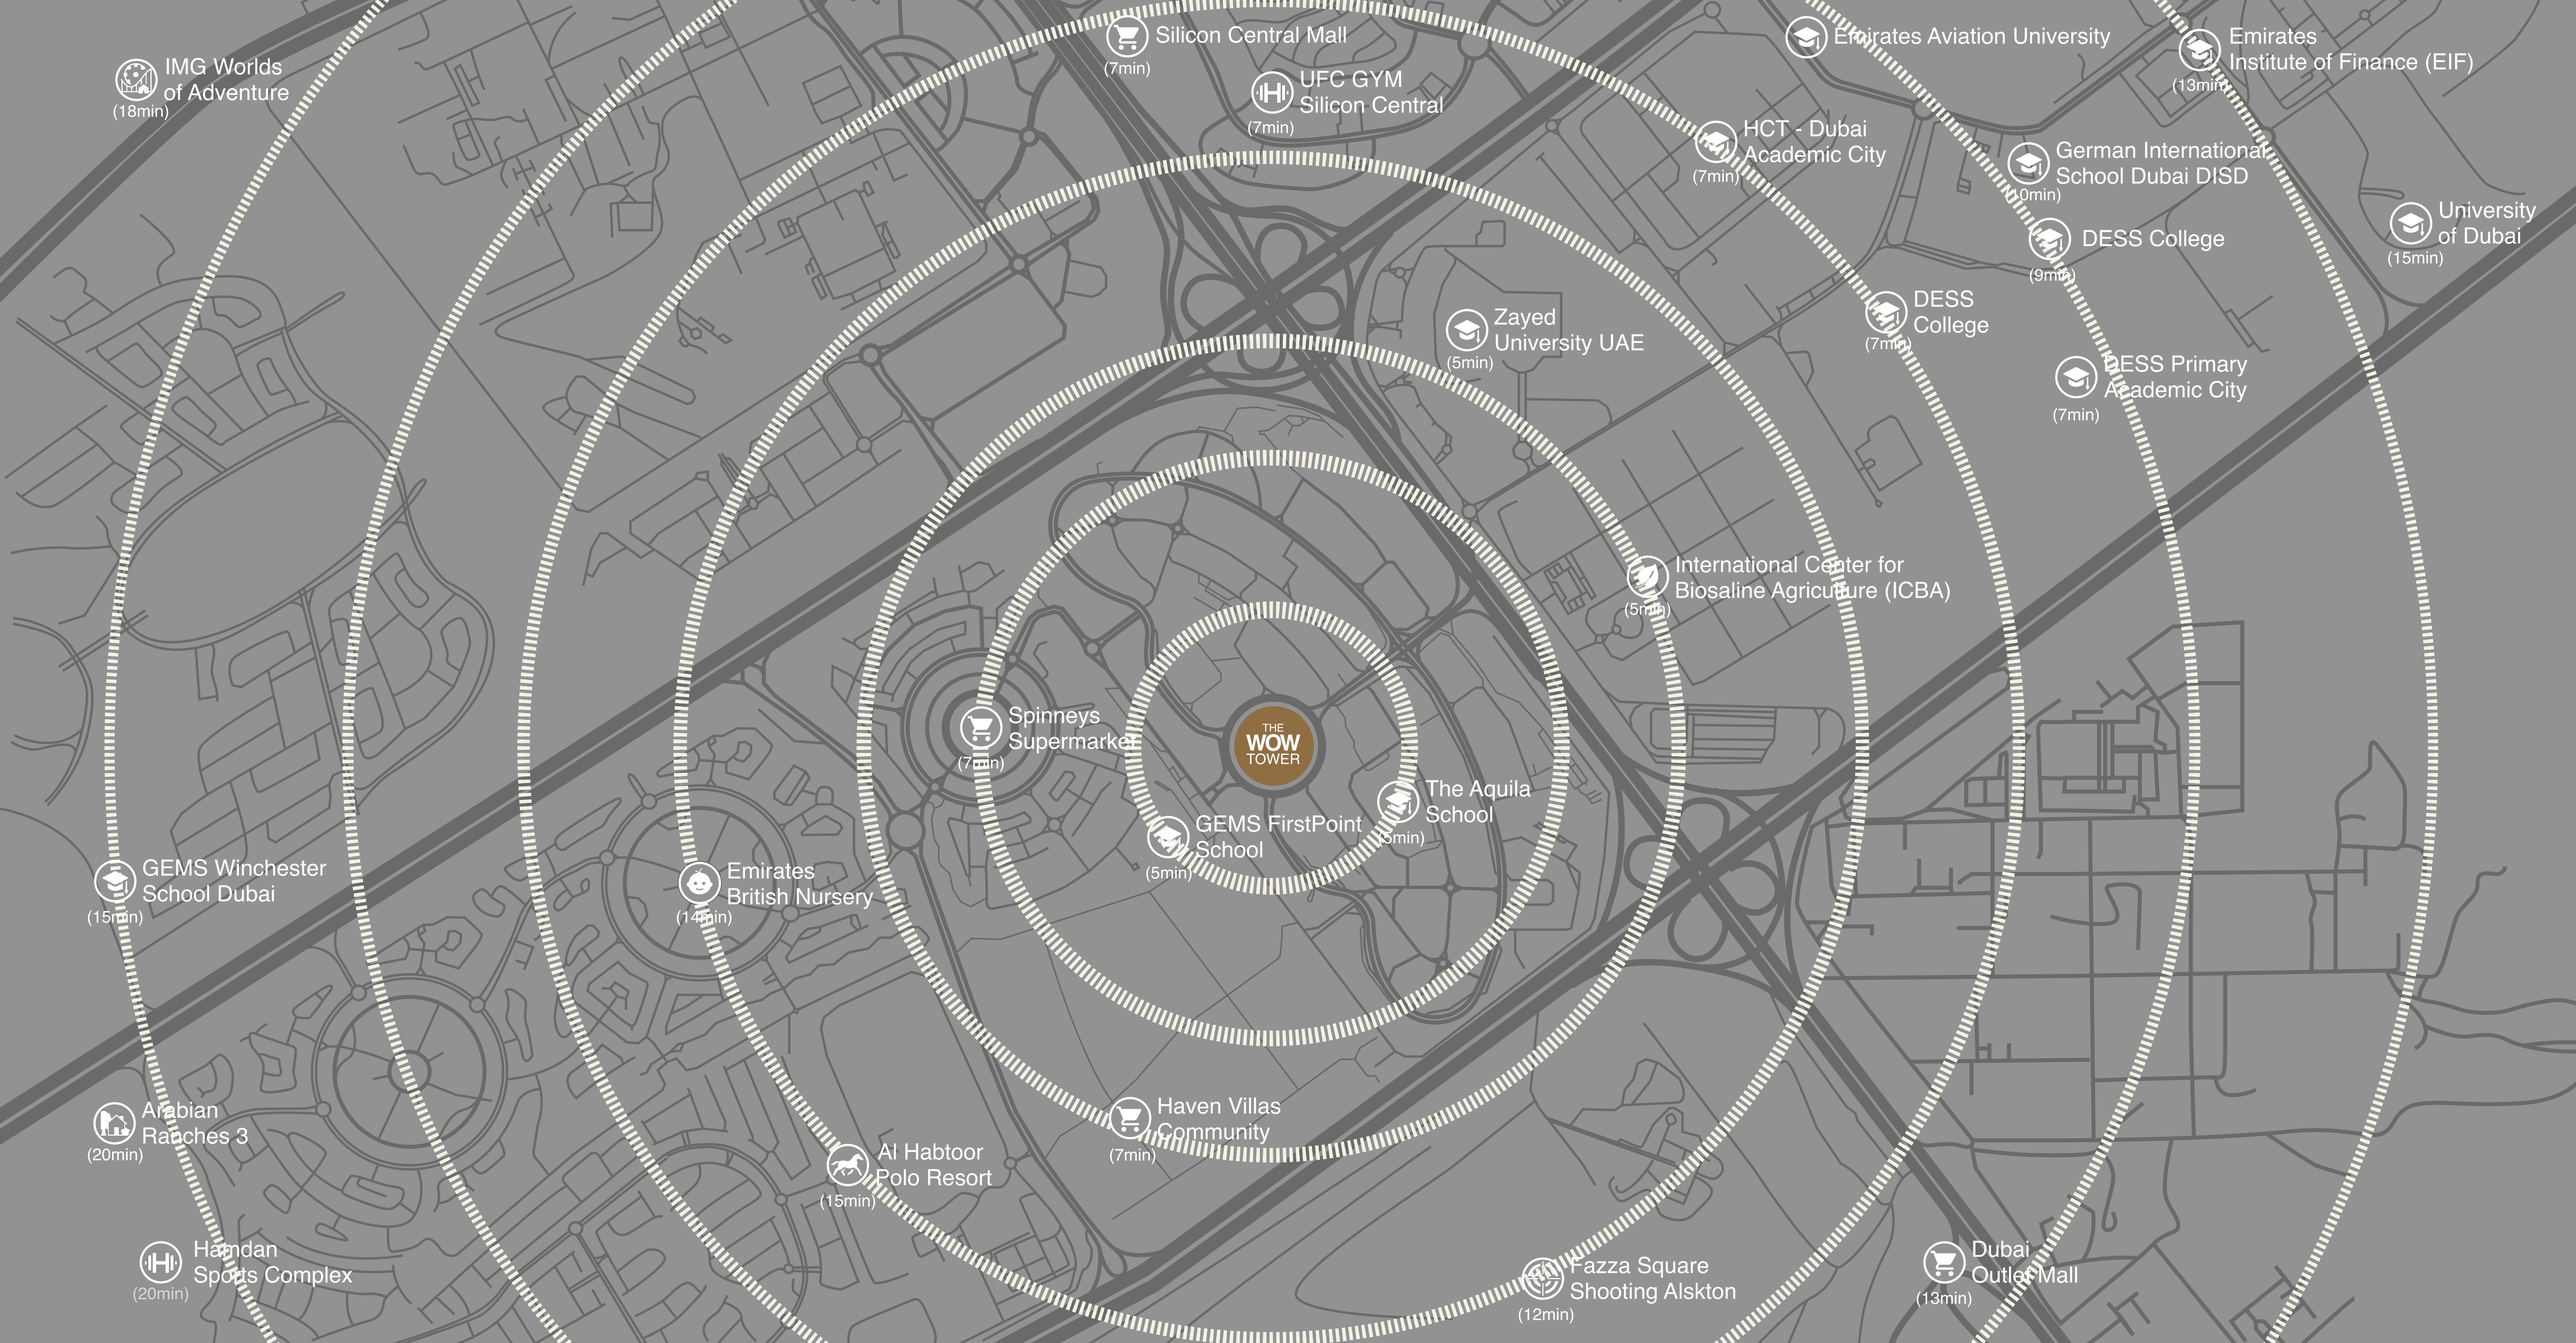

The WOW Tower is positioned in one of Dubai's most strategic emerging locations, set between three major road connections that provide fast and efficient access across the city. For those seeking close proximity to Downtown and DIFC without paying prime central district prices, this address offers a smart and forward-looking alternative. Direct access via Dubai–Al Ain Road further enhances connectivity, linking the tower seamlessly to Dubai's key business and lifestyle destinations. As a rare standalone plot within the wider Dubailand corridor, it holds a highly visible position with limited immediate competition, giving it the presence of a true signature address.

SUPPORTED BY DUBAI'S NEXT WAVE OF URBAN GROWTH

Its long-term appeal is further supported by Dubai's wider urban development strategy. The surrounding growth zone is being strengthened by major infrastructure, including the Dubai Metro Blue Line, which will improve connections through International City, Dubai Silicon Oasis and Academic City. This adds real value to an area already gaining momentum as one of Dubai's next important urban destinations.

SURROUNDED BY UNIVERSITIES

The location also benefits from a strong educational ecosystem. With a large concentration of universities, schools and established residential communities nearby, the area is well positioned to attract both end users and long-term tenants. The maturity of Dubai Silicon Oasis, where supply has become increasingly limited, further reinforces the strength of this address from both a lifestyle and investment perspective.

BUSINESS ENVIRONMENT

CONFIGURATION

The WOW Tower is a landmark business address in DLRC, created for companies that value presence, convenience, and a strong working environment. The commercial part of The WOW Tower is designed as a complete ecosystem, where business suites, dedicated amenities, and easy access come together within one building.

From Floors 1 to 15, The WOW Tower offers Business Suites designed for a wide range of professional and commercial uses. The layouts are flexible, practical, and ready to be shaped around the needs of each owner or tenant.

A key feature of the commercial part of the tower is the Executive Outdoor Lounge on Floor 16. Created exclusively for business owners, tenants, and their teams, this landscaped green terrace offers an elevated outdoor space for informal meetings, short breaks, or simply stepping away from the desk in a more inspiring setting.

DLRC'S TALLEST LANDMARK AT THE HEART OF THE DISTRICT 360° PANORAMIC VIEWS

Positioned at the very centre of DLRC's main circular hub, The WOW Tower is planned to be the tallest building in the district. Rising above the surrounding low-rise context, it will create a distinctive landmark with a prominent presence on the skyline.

According to the current approved detailed master plan, no other buildings are designated within a radius of approximately 200 metres around the tower. This open setting, enhanced by landscaped areas and a dedicated access road, creates a clear sense of arrival while preserving valuable space around the development.

As a result, the Business Suites and Private Suites are expected to benefit from expansive panoramic views, abundant natural light, and a greater sense of openness and privacy — a rare combination in such a central location.
Planning information is based on the current approved detailed master plan and may be subject to amendment by the relevant authorities. Views may vary depending on the floor, unit and orientation.

BUSINESS SUITES

The commercial component of The WOW Tower is designed as a carefully planned business environment within mainland Dubai Land Residence Complex. From the 1st to the 15th floor, the WOW tower features business suites created for a wide range of professional uses, while the ground level is dedicated to retail units positioned for visibility, access and daily footfall. All commercial spaces are offered in shell and core condition, with dedicated provisions for water, electricity and drainage, allowing owners and tenants to configure each space according to their operational needs. Each retail unit is also planned with its own private bathroom.

Particular attention is given to circulation and functionality. Office users benefit from separate lift access dedicated exclusively to the business component of the tower, ensuring that office flows remain fully independent from the residential areas. In addition, office users have access to their own dedicated amenities located on the 16th floor, creating a more complete and professionally oriented environment within the building. Located within mainland DLRC rather than a free zone, The WOW Tower offers a wider spectrum of business opportunities and registration possibilities, making it a strong commercial address for companies seeking flexibility, accessibility and long-term potential

SHELL & CORE

TAILORED FOR BESPOKE BUSINESS

All business suites at The WOW Tower are offered in shell and core, giving owners the freedom to shape each unit around their exact business needs. Each suite is delivered as a clean open-plan space with panoramic windows, exposed concrete structure, and essential service points prepared for future fit-out. This format allows complete flexibility in planning, design, and finishing, making it ideal for companies seeking a tailored workspace in a premium commercial setting.

IN-UNIT CONNECTIONS

- Drainage connection
- Water connection
- Electricity connection
- Provision for a private pantry
- Provision for a private bathroom
- Access to high-speed fibre optic internet

MAINLAND COMPANY SET-UP

Set in DLRC, Dubai land, The WOW Tower gives buyers access to a Dubai mainland business address registered through DET. This is the most flexible set-up for a wide range of business activities, offering broader operating freedom and fewer structural limitations than a free zone model.

EXECUTIVE LOUNGE TERRACE

Located on the 16th floor, the Executive Lounge Terrace is a dedicated outdoor amenity created exclusively for office users. Designed as an extension of the business environment, it offers a comfortable open-air setting where occupants can step out, take a break, get fresh air or enjoy a quieter moment away from the workspace. More than just a terrace, it adds a valuable lifestyle layer to the office component of The WOW Tower, bringing openness, flexibility and everyday comfort into the business experience.

THE EXECUTIVE SKY LOUNGE

Created exclusively for business suite owners, tenants, and their guests, The Executive Sky Lounge is a landscaped outdoor terrace designed to bring a new level of comfort to the working day. Set high above the city, it offers a refined open-air environment with panoramic views, generous seating areas, and a calm, green atmosphere that feels far removed from the pace of the office.

More than just an outdoor space, it is a place for informal meetings, private conversations, a quiet coffee, or a short pause between appointments. Thoughtfully designed and beautifully integrated into the commercial part of the tower, The Executive Sky Lounge adds a more elevated, modern, and enjoyable dimension to the business experience at The WOW Tower.

MR. EIGHT

16TH FLOOR

BUSINESS AMENITY

Positioned on the 16th floor, the Executive Lounge Terrace is designed as a private outdoor space for office users within The WOW Tower. It creates an additional layer of comfort within the business environment, giving occupants the opportunity to step outside, pause, enjoy fresh air and spend time in a more relaxed setting during the working day. As part of the tower's dedicated office amenities, it supports a more balanced and thoughtfully planned business experience.

MR. EIGHT

THE EXECUTIVE
SKY LOUNGE

More than just an outdoor terrace, the Executive Lounge Terrace is designed as a carefully planned green zone for office users within The WOW Tower. Located on the 16th floor, it brings together lounge areas, tables, relaxation corners, meditation spaces and recovery zones, all furnished with a variety of outdoor seating and garden furniture. Conceived as an extension of the business environment, it offers a more thoughtful and restorative setting where occupants can meet, pause, reset or simply enjoy a quieter moment in greenery above the city.

MR. EIGHT

ARRIVAL LOBBY

PRIVATE ROAD ACCESS

The arrival experience at The WOW Tower is designed as a seamless and well-orchestrated transition from city to residence. All vehicles access the tower via a dedicated private driveway, ensuring smooth and controlled entry and exit without disrupting the main façade. Upon arrival, residents and guests are welcomed through a carefully managed entrance sequence that emphasizes comfort, privacy and efficiency. This approach creates a refined and discreet arrival experience, where every detail is designed to support a strong sense of order, ease and exclusivity.

SEPARATE ACCESS

FOR APARTMENTS AND BUSINESS SUITES

The WOW Tower is designed with two fully separate entrance experiences: one dedicated to office visitors and users, and the other reserved for residents. These access points are intentionally divided to ensure that residential and commercial traffic remain independent, creating a more comfortable, private and efficient flow throughout the building. Office floors are served by their own dedicated lift system, while residential levels are accessed through separate resident elevators, ensuring clear vertical circulation for each use. Residents who also use the office component of the tower will benefit from access cards for faster and more seamless entry into working areas, adding further convenience to the overall building experience.

BUSINESS ARRIVAL LOBBY

The Office Grand Lobby at The WOW Tower is designed as a true arrival experience and the commercial signature of the building. Created exclusively for the office component, it sets the tone for a more elevated business environment from the very first step. Its defining feature is the dramatic entrance sequence, where owners, tenants, and guests arrive through a striking composition of fire and water, creating a bold first impression that reflects the identity of The WOW Tower.

Framing the entrance on both sides, illuminated waterfalls with integrated fire elements form a memorable visual statement, turning the lobby into more than a point of access — it becomes part of the experience of doing business in the building.

Inside, the office lobby is thoughtfully divided into a series of elegant and functional zones. These include a library area for quiet moments, a café space for informal meetings and daily convenience, and several lounge areas where business owners, clients, and guests can meet, wait, work, or relax in a refined setting.

At the heart of the lounge sits a gas fireplace, serving as a central design feature and natural focal point of the space. More than a decorative element, it brings warmth, atmosphere, and a sense of comfort to the overall business environment.

More than just an entrance, the Office Grand Lobby is designed as a social and professional space — one that combines identity, functionality, and presence, while giving the commercial part of The WOW Tower its own distinct character.

Fully furnished with a curated selection of premium design brands, the Office Grand Lobby features furniture by Edra, USM Modular Furniture, and B&B Italia, complemented by lighting from Tom Dixon and Flos.

Tom Dixon. edra Cassina USM Artemide FLOS

MR. EIGHT

LIGHT, GREENERY AND ATMOSPHERE

Special attention is given to lighting quality and visual comfort. The lobby is designed around a softer, warm-toned light rather than harsh white illumination, creating a healthier and more pleasant environment for the eye. With a balanced light output of around 400 lumens, the lighting feels gentle, calm, and non-irritating, while sitting naturally on the stone, greenery, and furniture finishes. The result is a refined interaction between light, form, and material — one that enhances the interior, supports wellbeing, and gives the lobby its warm, elegant character.

MR. EIGHT

THE WOW EFFECT

The reception at The WOW Tower is designed as the true wow point of the lobby — a striking arrival moment that defines the identity of the building from the very first step. Framed by dramatic illuminated features on both sides, it creates a bold and memorable first impression, making guests instantly feel that they are entering a place with presence, character, and distinction. More than a functional reception area, it is the visual signature of the tower and the calling card of its entire business environment.

BUSINESS LOBBY

The lobby of The WOW Tower's commercial section is designed as more than a point of arrival — it is a refined business lounge created for comfort, presence, and everyday convenience. Thoughtfully planned as a welcoming shared environment, it brings together a series of elegant zones where owners, tenants, clients, and guests can meet, wait, work, or simply take a pause in a premium setting.

Inside, the space is divided into several distinct areas, including lounge seating for informal meetings, a dedicated coffee point for daily convenience, and quieter corners suited for short conversations or focused time between appointments. Every zone is designed to support the rhythm of the working day while creating a stronger sense of quality and atmosphere from the very first step into the building.

More than a lobby, it is a business environment in itself — a place that reflects the identity of The WOW Tower through comfort, functionality, and a carefully curated sense of style.

BARISTA CORNER

Located within the Grand Lobby, the dedicated Coffee Point adds comfort, energy, and everyday convenience to the commercial experience at The WOW Tower. Designed as more than just a place for coffee, it creates a welcoming setting for informal meetings, short breaks, and time spent with business partners, guests, or friends.

HIGH-SPEED LIFT SYSTEM

The WOW Tower is equipped with a high-performance lift system designed to ensure speed, efficiency and complete privacy for all users. The building features a total of 12 high-speed elevators, with fully separated vertical circulation for residential and office components. Dedicated lift cores allow residents and business users to move independently, minimizing crossover and ensuring a smooth, controlled flow throughout the tower.

Advanced access control systems further enhance privacy and security, allowing seamless yet restricted movement across different zones of the building. Every aspect of the lift experience is carefully planned to provide fast, discreet and comfortable access, supporting a premium standard of everyday living and working within the tower.

THE ART OF ARRIVAL

At The WOW Tower, special attention is given to the design of the lift cabins — a detail often overlooked in residential developments. At Mr. Eight, we see the elevator not just as a means of movement, but as a natural extension of the lobby experience. Carefully considered materials, lighting and finishes create a refined atmosphere that continues the architectural language of the building. It is important for us that residents enjoy a distinctive experience that makes every return home feel more special. Every journey within the tower is designed to feel seamless, comfortable and elevated, enhancing the overall living experience from the moment you arrive to the moment you reach your home.

ARCHITECTURE
AS A LANGUAGE OF COMMUNICATION

The architecture of The WOW Tower brings together the strength of Brutalist volume with the elegance of wave-like façades, creating a distinctive exterior that feels both bold and refined. While the building is grounded in a robust architectural language, its flowing façade lines soften the massing and introduce movement, lightness and visual rhythm to the composition. This balance between sculptural solidity and refined façade aesthetics allows the tower to stand out as a graceful and contemporary addition to the surrounding urban landscape.

WAVE-LIKE FACADES
DEFINING A MODERN SILHOUETTE

Wave-like façades have become a defining feature of contemporary architecture, bringing movement, softness and a more sculptural identity to the urban skyline. In The WOW Tower, this undulating architectural language gives the building a distinctive modern presence, allowing it to stand out with elegance rather than excess. More than a visual gesture, it introduces rhythm, depth and a refined sense of fluidity to the exterior, making the tower a strong and memorable addition to its architectural setting.

GROUND-FLOOR RETAIL FOOD & BEVERAGE

AS PART OF DAILY LIFE

The ground floor of The WOW Tower is designed to include four spacious retail units, each complemented by generous terraces and open views towards the mosque, creating a distinctive setting for dining, cafés and lifestyle concepts. As part of the building's own internal infrastructure, these spaces are envisioned to bring curated food and beverage experiences directly into the everyday life of the project, including Italian and Greek restaurant concepts. More than a retail component, this level is designed to add convenience, atmosphere and a stronger sense of destination to the tower as a whole.

INFINITY SIGNATURE

A polished steel infinity sign placed beside the entrance has become a distinctive signature of Mr. Eight Residences. Present across the brand's projects, it serves as a recognizable design marker at the point of arrival — reflecting continuity, identity and a lasting architectural presence.

ARABIAN PROPERTY AWARDS
WINNER 2026-2027

MR. EIGHT

SURROUNDED BY GREEN PARKS

The setting of The WOW Tower is defined by a quieter and more composed relationship with its surroundings. Facing a green park landscape and the grounds of the nearby mosque, the building enjoys a more open and peaceful frontage, free from the intensity of a busy traffic street. A private internal driveway manages arrivals and departures within the project itself, allowing vehicles to enter and exit the building without disrupting the main façade experience. This creates a more comfortable, residential atmosphere where greenery, openness and a sense of calm become an integral part of daily life.

ARABIAN PROPERTY AWARDS
WINNER 2026-2027

MR. EIGHT

EXECUTIVE LOUNGE TERRACE

A dedicated green terrace designed exclusively for users of the building's "business suites" offices, the Executive Lounge Terrace offers a private outdoor setting for breaks, informal meetings and moments of reset throughout the day. Accessible through a separate office flow that remains independent from the residential areas of the tower, it creates a more discreet, comfortable and professionally oriented environment for tenants and office users.

THE LANDMARK OF DLRC

The WOW Tower is a category-of-one live–work address defined by height, unobstructed views and European branded standards. Set on a central circular plot surrounded by low-rise development, it rises above the district with sightlines that cannot be replicated. Offices occupy levels 1–15, residences sit above the city, and the Sky Club crowns level 39, creating DLRC's only true vertical centre. Developed by Mr. Eight, the European atelier behind Dubai Islands' branded residences, The WOW Tower brings the same design discipline to a plot — and an outlook — that cannot be copied.

TYPE	AREA RANGE	PRICE RANGE	AVR. PRICE SQ.FT

WHY MR.EIGHT
WORLD TOP 100 DEVELOPER

Recognised among the World's Top 100 Developers by Luxury Lifestyle Awards in 2025,
Mr. Eight combines European design discipline with end-to-end control across the complete development lifecycle.

LAND & DEVELOPMENT

We acquire and develop our own sites, selecting each location for long-term value, architectural potential and lifestyle relevance. Every project begins with a clear and distinctive residential vision.

DESIGN & BRAND

Architecture, interiors, branding, commercial strategy and resident experience are directed by one integrated team, protecting the original concept throughout every stage of development.

BUILD, DELIVER & OPERATE

Construction is delivered through BJORG Construction within the Mr. Eight ecosystem, followed by hospitality-led services and property management. This gives us control from the first sketch to everyday living.

EMILS DAUJATS
Director

ALEXANDRA MOGILEVSKAYA
Managing Director

WE DESIGN, DEVELOP, AND DELIVER EVERYTHING IN-HOUSE

Mr. Eight Development is a boutique real estate developer dedicated to creating exclusive residences that embody European refinement and craftsmanship. Each project reflects a balance of timeless design, thoughtful functionality, and emotional warmth — homes crafted with the same care and detail we would desire for ourselves. Attention to detail is at the core of our DNA, shaping every decision from concept to completion. Our vision goes beyond construction; it is about creating meaningful living spaces that inspire comfort, beauty, and lasting value.

MR. EIGHT
AWARDS & RECOGNITION

Mr. Eight is recognsed on Dubai Islands for signature projects including Villa del DIVOS, Villa del BRUNELLO, Villa del GAVI, and Villa del GARDA. The developer, Mr. Eight Development, has received international recognition from the London-based International Property Awards and the New York–based Luxury Lifestyle Awards, including two 2025 awards for INTERSTELLAR Tower: Best Luxury Sustainable Residential Development and Best Luxury Sustainable High-Rise Living.

TWO BRANDS. ONE AMBITION.

DUBAI BASKETBALL × MR. EIGHT BRANDED RESIDENCES

In only a few seasons, Dubai Basketball has grown into one of the region's most compelling sporting success stories, competing at the highest level of European basketball. As its Main Exclusive Partner, Mr. Eight Branded Residences shares the same commitment to discipline, performance and international ambition. A three-year partnership between two Dubai-born names determined to set a new standard — on and beyond the court.
